

# TLS Mystery CAL Part 1

Welcome to Part I! I hope you're excited to get crocheting. Grab your yarn, hook, scissors and let's get started.

## Colours needed:

- If you're going to be following this pattern exactly as it is with colour changes too, you'll need your first three colours.
- If you're using your own colour choices, then just follow the pattern, ignoring where it says to cut yarn and start using new colours.
